Portfolio: <https://zaya-xe.github.io/Portfolio/>

Profile

UX Designer focused on creating intuitive, accessible, and user-centred digital experiences. Experienced in user research, information architecture, wireframing, prototyping, and high-fidelity UI design for web-based products. Skilled in Figma and Adobe XD, with a strong understanding of UX principles, design systems, and accessibility standards. Familiar with coding languages and game engines like Unity and Unreal. Adept at collaborating with multidisciplinary teams to deliver research-driven solutions that improve navigation and user journeys for diverse audiences.
